

W	L	
24	45	1146
30	57	1426
36	68	1706
42		1986
48		2266
54		2546
60		2826
66		3106

* per composizioni in fila continua:
 sottrarre 16mm per ogni apparecchio,
 infine aggiungere 16mm.
 es. : 3x24W = (3x1130)+16 = 3406

* for continuous line compositions:
 consider -16mm for every fixture,
 then add 16mm.
 e.g. : 3x24W = (3x1130)+16 = 3400

7 x2

43AA11F54

Operazione preliminare: eseguire prima del punto I 3. Eseguire su tutte le estremità da collegare. // This is preliminary: do this before point I 3. Carry out on every end to be jointed.

43PG10000

Per diffusore fila continua: (tot. lunghezza profili) + (1,5 x n° giunti) + 5. Seguire installazione da punto III.4
 // for continuous line diffuser: (total profiles length) + (1.5 x q.ty joints) + 5. Follow instructions from point III.4
